IN NORTH TOPEKA

Work of Repairing Streets Was Begun This Morning.

Much Interest Being Taken in Big Grange Fair.

The bumpy bump effect is to be removed from travel on North Kansas avenue. Under the direction of the street department, a gang has been sent to North Topeka for the purpose of repairing the main highway. Work began on Saturday and will continue on the main street as far as repairs are needed.

Last spring repairs were made between the bridge and Laurent street on Kansas avenue and that part of the avenue is in first class condition.

Prepare for Fair.

Unusual interest is being displayed in the Indian Creek Grange fair which will be held this week. During the week J. M. Pollard, Frank P. Wade and several others will spend considerable time on the grounds in an effort to make this fair eclipse any that the grange has held heretofore.

A number of improvements have been made on the grounds and buildings. Booths to be used in displaying various exhibits have been repaired and several cases rebuilt and all stock sheds were recently put in first class condition.

The fair will be the tenth annual event of its kind under the auspices of the Indian Creek grange.

Stores Away Wheat.

Seven hundred bushels of wheat belonging to W. E. Anderson have been stored in the Shawnee mills. Since July 20 the grain has been kept in a storeroom at 831 North Kansas avenue.

Celebrate Anniversary.

The third anniversary of the Rev. Mr. Joseph P. Hicks' pastorate of the Second Presbyterian church was celebrated Sunday by the congregation. Special music was arranged by the choir and during the evening service the Washburn Gospel team assisted.

Mr. Hicks' sermon subject was, "Our Great High Priest."
